Attachments: Permit_Part1.pdf

Mike:

I have been in contact with Lisa DeWitt about this CFAC application for an OpenCut permit from DEQ. The Opencut Program has very short statutory time frames for responding to permit applications, and I will be sending a letter to CFAC by Tuesday (9/1) describing required revisions to the application. Lisa requested that I send you a copy of the application. I will likely need to send it in several pieces due to attachment size restrictions. Please let me know if you have feedback or questions.
